**BRILLIANT!**

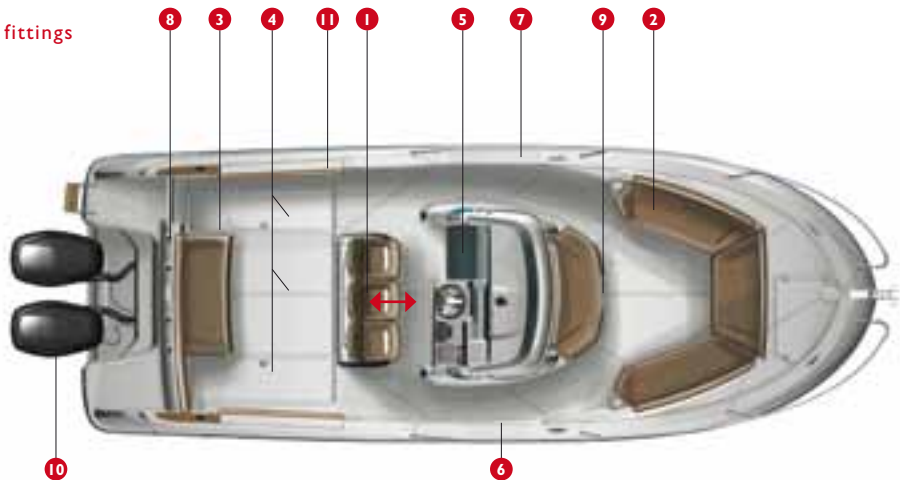

The new Cap Camarat 8.5 Center Console breaks the mould and brings together style (a sculpted hull, surround dashboard), unrivalled comfort (2 cabins / sundeck - 2 berths - 3-person leaning post), and top ranking performance (tapered V-shaped Jeanneau hull – single or twin engines).

The charms of the new Cap Camarat 8.5 Center Console cannot fail to win you over!

▶ Multi-function leaning post

1

OR

- 1 - 2 berths (2m long)
- 2 - Chemical toilets (marine toilets + holding tank available as an option)
- 3 - Sink

Internal fittings

## **THE CONCEPT**

Fishing style – Top-of-the-range outfitting and performance – Versatility

## **DISTINCTIVE DESIGN**

The Cap Camarat 8.5 CC is the new “flagship” of the Cap Camarat range.

We needed an emblematic landmark product to celebrate 30 years of Cap Camarat – An upscale product with the confirmed, distinctive fishing design combined with the bluewater performance and versatility that have forged the success of the Cap Camarat range.

The new Cap Camarat 8.5 CC is a “big fishing boat in the French style”.

## **A BIG CENTRE CONSOLE BOAT WITH FISHING DESIGN ...**

The new Cap Camarat 8.5 CC was designed with a big centre console, an upscale and generously powered vessel: with a big helmsman’s console, leaning post three-place bench seating with an adjustable section for the pilot, and 350 hp single or 2x 225 hp power units for peak performance.

Its design is clearly oriented towards fishing, with a large rear cockpit enabling easy movements within the boat while allowing for modular arrangements through folding benches. The console is enveloping and sculpted, with a central helmsman station and a horizontal wheel. The leaning post can be topped with an optional T-Top, and is equipped with an external galley. All equipment required for sports fishing is also present in abundance: fish wells, rod supports, storage nets.

At the same time, the new Cap Camarat 8.5 CC provides a high level of comfort with the typical modular layouts so characteristic of Jeanneau designs: the big, forward U-shaped cockpit can be converted into a sundeck and can, at lunchtime, accommodate an entire family or a crew of friends around the table.

## **... AND MUCH MORE**

The special feature of the new Cap Camarat 8.5 CC is a real cabin (an exclusive with a centre console boat of this size), accessible via a translucent sliding door. Two berths and a WC allow for overnight trips to new horizons, extended island excursions or lightning speed coastal fishing expeditions! The choice is yours.
